**Fall Fishing On The Kenai River
(Departs From Cooper Landing)
Open Through October 30**

You will depart Anchorage for a 3-hour drive to Cooper Landing traveling along the breathtaking Turnagain Arm, famous for its unusual bore tide. This drive has been voted one of the Top Ten Most Scenic Drives in America by Conde Nast Magazine. Once past Turnagain Arm enjoy following the Seward and Sterling Highway, which winds through a land of remarkable beauty of knife-edged ridges and alpine valleys. The diversity of landscape and wildlife is the hallmark of this highway corridor. Fall fishing on the Kenai offers the chance to hook a huge rainbow trout - fish over 24" long are common, many are over 30 inches long and there are some that are even bigger than that. Our biggest fish landed last year was a shade over 36 inches long. We hooked some that were in the 40 inch range but none of the folks who hooked them could land them... those big ones are TOUGH. The Kenai is one of the best streams in the world for wild rainbows and the bite will be on as we are in the middle of the 'fall feeding frenzy' - these fish know that winter is coming and that the food is here NOW. In addition to the rainbows there is excellent fishing for sea run dolly varden, silver salmon fishing is good to excellent and the small streams trip offers the chance to wade fish for steelhead on the lower peninsula streams.

Tour Includes: 7-8 -Hours Of Guided Fishing, Fishing Gear, Rain Gear And Logistics Staff Coordination. **There Is A Minimum Requirement Of 2 Persons To Operate This Tour.**
