

11-14 May 2015
University of Strathclyde • Glasgow, Scotland

CALL FOR PAPERS

This semi-annual flagship conference of the IEEE Vehicular Technology Society will convene leading individuals from industry, government, and universities to share their perspectives, ideas and innovations in the fields of wireless and mobile communications and networks, and vehicular technology. VTC2015-Spring will be one of the leading 2015 technical events to discuss and design future 5G systems and technologies. The conference will feature world-class plenary speakers, visionary panel sessions, tutorials, oral and poster technical sessions, workshops, and exhibitions; and will be held in the new Technology Innovation Center at Strathclyde University in Glasgow, itself an initiative in bringing industry and academia together.

Prospective authors will be invited to submit 5-page, original, unpublished, full technical papers; tutorials and workshops in, but not limited to, the list of subject areas below.

Submissions by 30 September 2014

www.vtc2015spring.org

- Antennas, Propagation and RF Design
- Transmission Technologies and Communication Theory
- Spectrum Efficient Management, Sensing and Cognitive Radio
- Multiple Antenna Systems and Services
- Cooperative Communications, Distributed MIMO and Relaying
- Wireless / Radio Access Technologies
- Mobile Network Applications and Services
- Ad-hoc, Mesh, Machine-to-Machine and Sensor Networks
- Wireless Networks and Security
- Green Communications and Networks
- Satellite Networks, Positioning Technologies, Localization and Navigation
- Vehicular Communications, Networks and Transportation Systems,
- Smart Grid, Electric Vehicles, and Vehicular Electronics
- Future Trends and Emerging Technologies

Workshops Co-chairs

Klaus Moessner
University of Surrey, UK
Cheng-Xiang Wang
Heriot-Watt University, UK

Panel Co-chairs

Oscar Lazaro
Innovatia Association, Spain
Robert Atkinson
University of Strathclyde, UK

Speakers Chair

Lajos Hanzo
University of Southampton, UK

General Co-chairs

James Irvine
University of Strathclyde, UK
Javier Gozalvez
Miguel Hernandez University of Elche, Spain

Technical Program Co-chairs

Mark Beach
University of Bristol, UK
Narcis Cardona
Polytechnic University of Valencia, Spain

Tutorials Chair

Dave Laurenson
University of Edinburgh, UK

Publicity Co-chairs

Swee Keow Goo
University of Glasgow, UK
Baldomero Coll-Perales
Miguel Hernandez University of Elche, Spain

Finance Chair

J. R. Cruz
University of Oklahoma, USA

Conference Administrators

Jim Budwey and R. Clint Keele
IEEE VTS, USA
